Located next to the Wintergarden picture show and opposite the old wooden bridge. (Now the site of The Entrance Hotel Bottle Shop).

Later to become J.C. Hall Post Office Stores

Between 1920 and 1926 Alfred Pearce practised as the first permanent chemist in The Entrance. The shop operated as a general store and dispensary combined.

Mr Pearce also provided a delivery service for his customers. In 1926, Alfred retired and the shop was taken over by Mr Inglis.

In 1929 Jack Hall established J.C. Hall Post Office Stores which sold an outstanding array of goods. Mr Hall was known as a genial gentleman who remained on deck all hours attending to the many residents and visitors of the Tuggerah Lakes area.
